### Accurate results - when and where you need them

Digital Titrator methods use a high-precision dispensation device and cartridges of concentrated titrant to allow analyses in the lab, the plant or the field.

### Fast and Flexible

Interchangeable cartridges allow you to change titrants in seconds. No cleaning or rinsing burets.

### Versatile

More than 50 parameter/range combinations are available

### Economical

Concentrated titrants allow 40-100 typical titrations per cartridge.
